OUR SERVICE

Excellent Patient Experience

We prioritize a seamless and comforting journey for all patients.

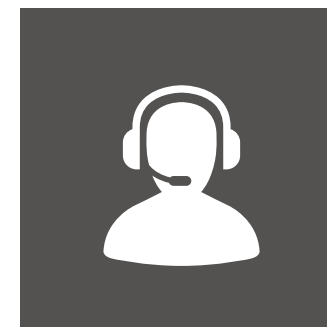

Children Phlebotomy Room

Featuring a specialized team and environment tailored to meet the needs of our young patients

Advanced Sample Transport System

Designed to provide maximum comfort and privacy for patients.

Integrated Patient-Centric Services

Availability of support staff to explain test procedures, results, and follow-up actions.

Home Visits

Bringing diagnostic services to the convenience of our patients.

Fast Turnaround Time

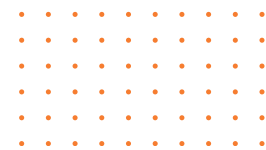

Optimized workflows and advanced equipment ensure rapid processing of tests and timely delivery of results.

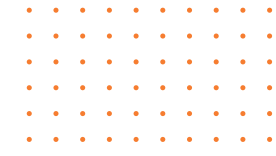

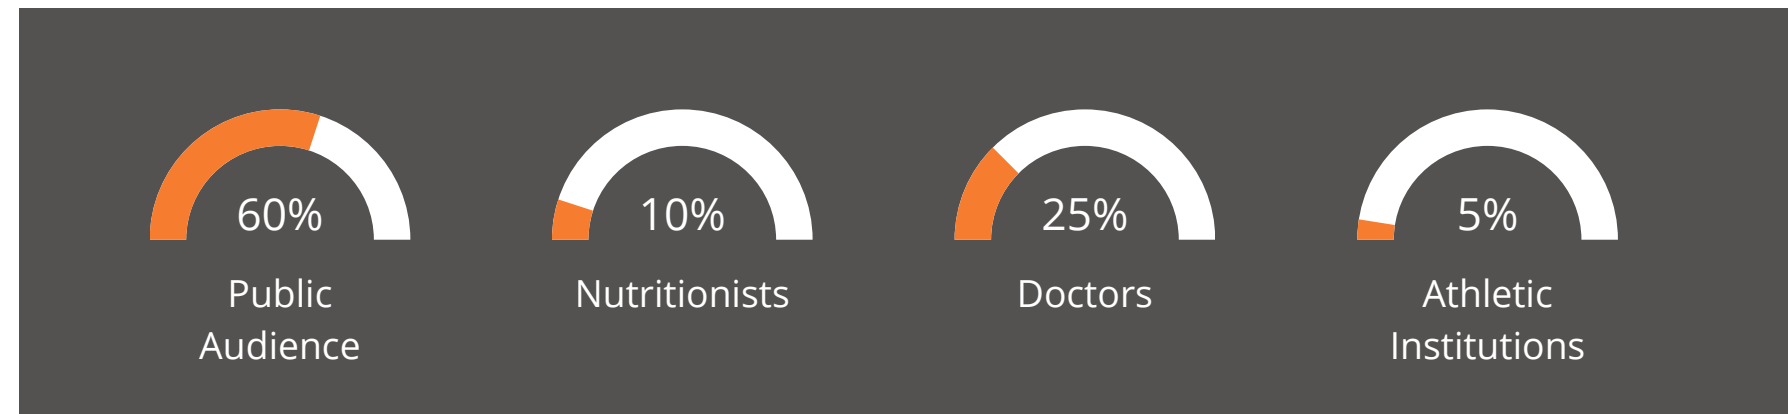

QUALITY ASSURANCE & ACCREDITATIONS

At Astralab, quality is paramount. We adhere to the highest standards of quality control across all our operations using state-of-the-art technology and rigorous protocols. Our dedication to excellence is recognized externally as we are accredited by most of the leading insurance companies, banks, and professional associations. These endorsements underscore our commitment to reliability, safety, and superior service quality.

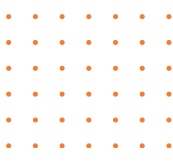

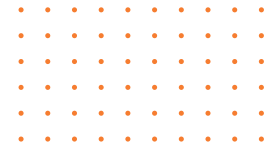

MARKET & CLIENTELE

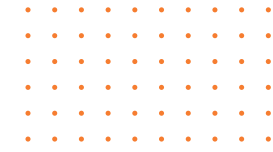

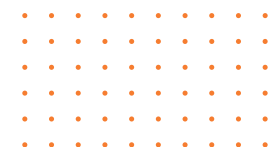

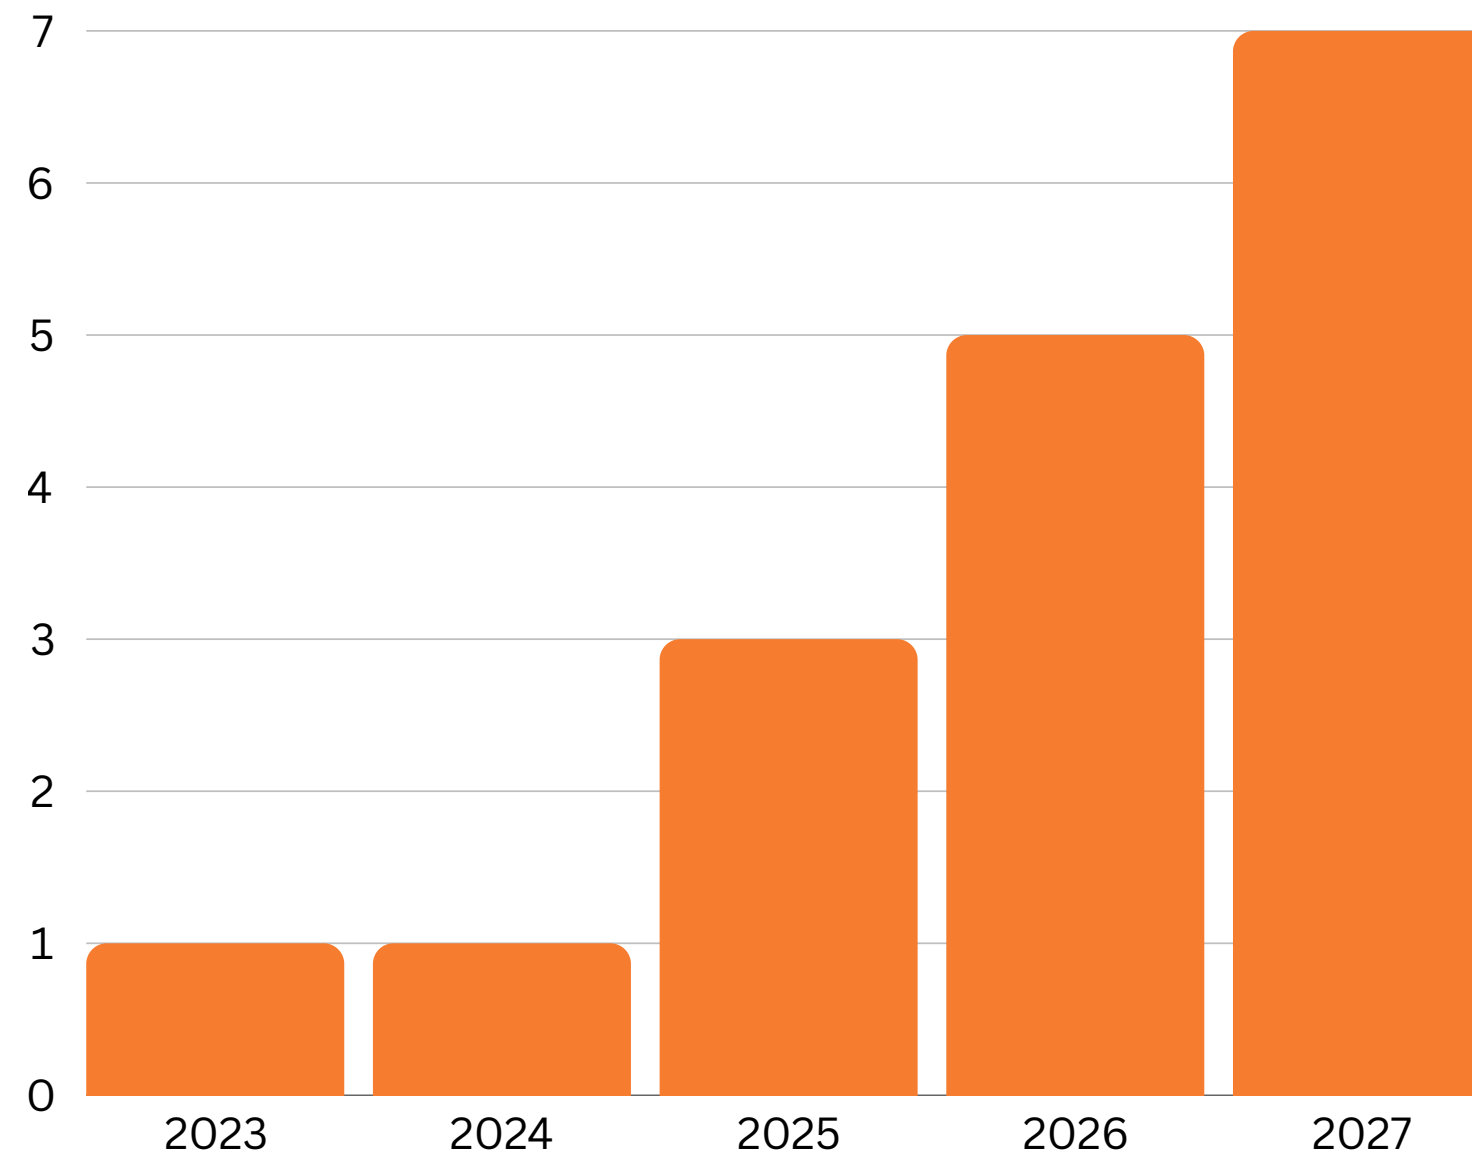

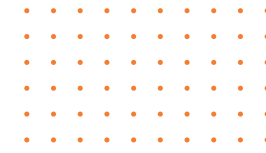

Astralab proudly serves a broad spectrum of the healthcare community and the general public.

OUR TEAM

FUTURE PLANS

Looking ahead, Astralab is focused on strategic growth and continuous innovation. Our future initiatives include:

Expansion in Location: Adding new branches to extend our reach and service accessibility.

Service Diversification: Enhancing and broadening our testing and diagnostic offerings.

Certification Goals: Pursuing additional industry certifications and accreditations to further validate our quality and service excellence.
